

Kazuma Kuramoto

Full-Stack Web Developer

Address : Vancouver, BC Email : kazumakuramoto.jp@gmail.com Phone : (236)888-8419

LinkedIn : <https://www.linkedin.com/in/kazumakuramoto/> Github : <https://github.com/Kazumakr>

SUMMARY

A full stack web developer who is passionate about building modern web applications. I am looking for an opportunity to grow web development skills in an innovative environment. I started learning C and Python when I was a college student, and I was a member of the Complex Information Processing Laboratory, where I wrote code for face recognition using machine learning. These experiences, mathematical knowledge and logical thinking skills would help your team.

SKILLS

Languages: JavaScript, HTML, CSS, Python, C, C++

Frameworks&Libraries: ReactJS, NodeJS, Express, NextJS, StyledComponents, Django, Sequelize, Tensorflow, Numpy, Pandas, Matplotlib, Keras

Tools&Databases: MongoDB, MySQL, Netlify, Heroku, Git
